Mount Vesuvius is again vomiting ashes, and a series of earthquakes yesterday terrified the people——The Republicans claim to have made astounding election discoveries in Greater New York, asserting that 5,000 uncounted votes in Queen's county will elect the Republican Lieutenant Governor——The captain and crew of the abandoned British barque Marion C., were rescued yesterday off Nova Scotia after being tossed 72 hours in a rough sea in a small boat——It is believed that four companies of white troops sent from San Antonio, Texas, to Fort Reno, Oklahoma, are for the assurance of order when three companies of negro troops are discharged by order of the President within the next few days——Secretary Shaw declines to take any further steps to relieve the money stringency brought about by speculation in New York——The entire crew of the Norwegian barque Adeona, wrecked on the New Brunswick shore, was lost, only the ship's cat being found on board——A wireless message reports President Roosevelt off Savannah yesterday on board the battleship Louisiana——The 1906 corn crop is reported to be 2,881,096,000 bushels——Thre young men have been arrested in New Orleans for robbing banks of thousands of dollars by fraudulent means—New York Markets: Money on call nominal, no loans, time loans, very strong; spot cotton quiet 10.10; flour steady; wheat steady, No. 2 red, 80 3-4 elevator; corn steady, No. 2, 52 1-4 elevator; oats steady, mixed 39; turpentine firm, 69 to 69 1-2; rosin firm, strained common to good. $4.25.

It is said that the price of ropes is going up. We've just been expecting it on account of the increased demand in Georgia.

A Chicago woman threw an alarm clock at her husband and it struck him on his head. Very likely that man will hereafter dodge when the clock strikes.

Son-in-law Longworth told the voters in his district to "stick to Roosevelt." That was another way of telling them that he wanted them to stick a ballot in the box for the husband of President Roosevelt's daughter.

Never join a political party for what you can get out of it. In the long run you will find that your honest convictions will pay you better than a political job in the short time that some other fellow in your party will let you stay in office.

A Philadelphia paper says: "When the police arrived John K. Smith was under the bed and his wife was in the middle of the floor flourishing a big leather strap." Observe the discriminating judgment of Mr. Smith in avoiding the top of the bed in this emergency.

A well known politician in a Western State, who was wounded at the Battle of the Wilderness, recently coughed up a grapeshot. Still more recently, a New York politician, wounded in the house of his friends, coughed up about $300,000 during a violent campaign.

Perhaps Congressman Blackburn thinks he could have done better if Spencer B. Adams and Marion Butler hadn't been such a load to carry Adams and Butler may think they did better than they expected while trying to get the upperhand of Blackburn and fight the Democratic party at the same time.

There is nothing like being sincere, cheerful, conscientious, honest, industrious and economical but not stingy or miserly. Keep a stiff upper-lip, keep your head level, don't fly off the handle, act upon your honest convictions and not upon policy, and keep your nose and lip out of other people's business. Hoe your own row with equanimity.

Bradstreet's reports that about all branches of business have been helped by the "confidence" resulting from the success of the Republican party in the recent elections. There was, however, a decline of 110 points in the price of cotton, which persistently and recklessly continues to obey the law of supply and demand in spite of the magical benevolence of the Republican party in making prosperity while you wait.

THE BIBLE AND FLAG

Jeff Davis Council, Jr. O. U. A. M., Will Present Them to Scott's Hill School.

ORDER'S BEAUTIFUL CUSTOM

Date Will be Thanksgiving Afternoon and Many Will Attend From This City—Address by William J. Bellamy, Esq.—Features.

According to the beautiful custom of the order all over the United States, Jeff Davis Council, Junior Order of United American Machanics, of this city, will on Thanksgiving afternoon present to the Scott's Hill public school, District No. 11, a handsome Bible and flag, believing that by the bestowal of such gifts to the youth of the land they will be led to cultivate an appreciation for God and country that will make for the best American citizenship.

The presentation will be accompanied by the usual formal exercises in which the order as a body and the pupils of the school will take part. The exercises will begin about 3 o'clock and all members of the council in this city who can do so will go to Scott's Hill in wagonettes, a number of which have already been spoken for. The low rate of 35 cents for each passenger has been made and a very large attendance is expected.

The formal presentation of the flag and Bible will be by William J. Bellamy, Esq., a Past Councillor and National Representative of the order. The gifts will be received in behalf of the county school system by Prof. Washington Catlett, the superintendent, and in behalf of the school itself the tokens will be received by one of the pupils. Other exercises will also mark the occasion.

The Scott's Hill school is one of the largest and most progressive in the county and the exercises promise to be very entertaining indeed. Following the regular set programme an oyster roast will be given in honor of the Juniors and at night the pupils of the school will entertain with a programme of other exercises incident to North Carolina Day. All Juniors are invited to the night entertainment as well as to the oyster roast.

The committee in charge of the exercises is composed of Messrs. John E. Wood, J. L. King and E. C. Woodberry. Further announcement as to the presentation exercises as the date approaches.

Three Were Bound Over.

In Justice Furlong's court yesterday Sam, Frank and Iley Farrow, young white men from the Sound, were charged with an assault with a deadly weapon upon D. D. George, with whom they had a dispute about the division of some money received jointly by them for a lot of fish. The prosecution was represented by Herbert McClammy, Esq., and the defendants by Messrs. Bellamy & Bellamy. Examination was waived and the men gave $50 bond each for their appearance at the January term of court.

FOR HABEAS CORPUS

Writ Asked For Seaboard Air Line Policeman at Raleigh—To Regulate Telephone Rates in State—Tour of S. A. L.

(By Southern Bell Long Distance Telephone.)

Raleigh, N. C., Nov. 10.—Associate Justice George H. Brown, of the Supreme Court, is hearing an application for a writ of habeas corpus in the case of H. J. Bivens, the Seaboard Air Line policeman who, on the night of October 22, shot and killed an unkown stranger near here. Bivens himself was the principal witness. He stated that the man he killed was known to be a crook and was considered dangerous; that he drew a knife and knocked Bivens down before he ran. Bivens said he fired at the trespasser six times to frighten him and that at last the fellow turned on him and they were in a hand to hand encounter in which he was obliged to shoot the stranger in the thigh to disable him. It was from this wound that the man, who was never identified, died. This is the first statement that Bivens has made and there were no eye witnesses to the tragedy. A witness this afternoon testified that the dead man was seen on the train at Norlina and that he had a knife for the Seaboard policeman, whom he understood would be after him down about Raleigh. The hearing on the petition for the writ will be continued Monday. The case will come up at the January term of Wake Superior Court.

The Corporation Commission this afternoon issued an order for all telephone companies doing business in the State to file with them at once a schedule of rates for residence and business phones. The Commission desires these schedules within the next week so that a uniform rate for the State may be established.

A special train bearing President Alfred Walter and members of the Board of Directors of the Seaboard Air Line passed through Raleigh this afternoon bound South. The party will spend Sunday at Hamlet. They are making a tour of the entire system.

JOE MURPHY ON TRIAL.

Negro Who Assaulted Ellis Benjamin at Compress Last Week.

Joe Murphy, the young colored man who has been in jail a week or ten days without bond, awaiting the result of injuries inflicted by him upon Ellis Benjamin, also colored, who is reported from Florence, S. C., in a precarious condition, was given preliminary trial before Justice Bornemann at 3 o'clock yesterday afternoon. The defendant was represented by William J. Bellamy, Esq., who had demanded a speedy trial for his client. Four witnesses were examined but none of them would testify that Murphy used a bar of iron as was charged and Mr. Bellamy demanded the release of his client. The judge plainly stated in court that he believed that the witnesses were lying and made some caustic criticism of the characteristic of the negro criminal class to conceal crime when it was among their race. Murphy was re-committed to jail pending further advices from Florence as to Benjamin's condition.

McDOWELL HOLDING HIS OWN.

Negro Shot Friday Night is Better. Bond for Peebles.

It was stated at the hospital late last night that the negro John McDowell, who was shot on the steamer Lyon Friday night by Engineer J. A. Peoples, was much improved and that while he was not then out of danger, the outlook was hopeful unless complications set in.

It was decided yesterday by the Mayor to admit Mr. Peoples to bond of $2,500. He has employed Herbert McClammy, Esq., to defend him and Mr. McClammy made the point that whether the negro's injuries proved fatal or not, the shooting was an act of self defence and the case was clearly one in which the defendant was entitled to bond. Mr. Peoples has not yet given bond, but the Marine Engineers' Association of which the defendant is a member has interested itself in the case and Capt. Jno. W. Harper or some other person will probably stand the bond to-day.

THE DISTRICT COURT

Docket For Fall Term at Wilmington Was Completed Early Yesterday.

CIVIL AND ADMIRALTY SUITS

Case Against Coot McArthur Resulted in Mistrial—Famous "Green Swamp Cases" Again to the Fore—For Atlanta Prison.

With a mistrial in the case of Coot McArthur, of Robeson county, charged with retailing liquor without license, the docket in the United States District Court in this city was completed yesterday and the Circuit Court has now been convened for the trial of civil suits and admiralty cases. The trial of McArthur was begun Friday and was pending when court took a recess for the day at 2 o'clock the same afternoon. The case was completed upon the convening of court yesterday morning, the defendant being represented by S. B. McLean, Esq. of Maxton, and the prosecution having been conducted by Assistant District Attorney Giles. The case went to the jury early in the day, but when the hour for recess was reached at 1:50 o'clock in the afternoon there was no agreement. The jury was called into court, one member of the same was withdrawn and a mistrial was ordered. The government then took a nol pros with leave and the defendant was discharged.

The Circuit Court will be engaged a greater part of this week with a number of civil and admiralty matters. The first of these to come up will be that of the New Jersey and North Carolina Land and Lumber Company against the Gardner Lacy Lumber Company, involving some of the famoue "Green Swamp" lands in Columbus and Brunswick counties. The attorneys interested are Messrs. Meares & Ruark, Rountree & Carr and Jno D. Bellamy & Son. The case is expected to be quite lengthy. The second of the cases against the Clarendon Water Works Co., in which Clarence L. Parker, an artesian well contractor is the plaintiff, will be taken up by agreement upon conclusion of the land suit.

The entire docket was gone over yesterday and the work of the week was mapped out by Judge Purnell and the attorneys interested.

With the disposition of the criminal docket, the Federal Court loses much of its public interest. The large number of witnesses in the cases from the dry up-counties have returned home and many of the defendants likewise. George Raynor and S. W. Hall, the white men from Cumberland county, sentenced the first week of the court to terms of one year each in the Atlanta prison, will be taken off on the afternoon Seaboard Air Line train to-day by Deputy Marshal E. W. Fuhr, of Columbus county. At Hamlet, Mr. Fuhr will be joined by Office Deputy Sharp, of Marshal Dockery's force in Raleigh, who will bring four prisoners from the other courts in the State and together they will proceed to the Federal prison with the men.

CARD FROM ALDERMAN MOORE.

The Morning Star:

Kindly allow me space in your paper for the following correction: In reporting the proceedings of the last meeting of the Board of Aldermen, I was quoted as saying that "Alderman E. F. Johnson was seen in one of the houses under discussion." This is entirely incorrect and in justice to Alderman Johnson and to clear him from the above I want to say that what I said was this, that "That Alderman Johnson was seen in this district, and, in explaining his presence, he said he was there for the purpose of seeing if these places were closed and who was visiting this locality." Alderman Johnson in explaining upon the board his presence in this district said that he and a friend were passing along to see how many houses there were in the locality, as the matter was up for discussion before the Board of Aldermen. I have never heard of Mr. Johnson being in one of these houses and any insinuation made by me in my talk to this effect I cheerfully withdraw.

Basket Ball Last Night—Meetings There During Sunday.

In the basket ball games at the Y. M. C. A. last night the Auditor of Freight Receipts' team won from the Car Accountants in a score of 19 to 12 and the Relief Department defeated the Freight Claim office team by a score of 9 to 5. The games were witnessed by a goodly number of spectators.

Rev. Fred D. Hale, D. D., pastor of the First Baptist Church, will be the speaker at the men's meeting this afternoon at 5 o'clock. His subject will be The Young Man and Religion" and those who have heard him before are sure of something good. The Acme Male Quartette will sing for the meeting.

The Boys' Meeting this morning at 10 o'clock will be addressed by General Secretary Charles Dushan who has always been very close to the juvenile work of the Association. All boys are invited.

MASHED BETEEW CARS.

Young White Man Injured at A. C. L. Yards Yesterday Morning.

LaFayette King, a young white man from the southern part of the city, was painfully injured yesterday morning on the paint shop yards of the A. C. L. in this city. The young man was engaged at work between some cars when a shifting engine came back on the string with some force, pinioning the young man between the coupling attachment. He was given temporary attention by Dr. P. J. Thomas, of the Relief Department of the road, and was later sent to the hospital, where he is thought to be doing very well.

A Red Tag Sale.

Nearly every house in the city has had a red tag hung on the front door. It was a novel advertisement of the C. W. Polvogt Co., announcing their first Red Tag Sale, which will begin to-morrow morning and last 10 days. Goods are displayed throughout the store with a Red Tag showing the reduced prices made on account of this sale. Double trading stamps will be given on all cash sales in the millinery department. and single stamps on all sales throughout the store in other departments.

COUNTY'S NEW YEAR

New Administration Begins For New Hanover First Monday in December.

APPOINTMENTS ARE MADE

Understood That Sheriff-elect Cowan Will Retain Present Office Force and Jailer—New Board of Commissioners.

The machinery of government at the Court House nowadays is moving along with a view to the change of administration on the first Monday in December. The fiscal year begins on that date and all officers will renew their bonds and enter upon their new terms. All the present incumbents have been re-elected except Sheriff Frank H. Stedman and Register of Deeds Biddle, who were not candidates for re-election to those offices. The new office of County Surveyor will be filled by Mr. C. R. Humphreys who was not a candidate for the place, but was placed on the ticket election day and was elected without opposition.

Chief interest centers about the offices of Sheriff and Register of Deeds in which the officers-elect will begin their terms anew. Sheriff S. P. Cowan will be formally inducted into office on the first Monday and Mr. John Haar will take charge as Register of Deeds, succeeding Mr. W. H. Biddle, who retires. It was learned yesterday that Sheriff Cowan will retain practically all the present attaches of the Sheriff's office. This means the re-appointment of Mr. James H. Taylor, Jr., as chief office deputy; Deputy W. Harvey Cox and Jailer Ed Capps. Others have been talked of as possible appointees by Sheriff Cowan, but it is understood that no changes are to be made for the present term at least in the positions named.

In the Register of Deeds' office it is understood that Mr. Haar will have as his Deputy Mr. Henry Horne, of Masonboro, who was a leading candidate for the position of Register in the primaries. Mr. Haar will give all his time to the office personally and will bring with him several years' experience in former years.

The present Board of County Commissioners will be sworn in for another term, the first under a popular election of the people. Their re-election by overwhelming majorities in the primaries is a substantial endorsement of their past administration as much criticism as there was from some quarters. The Board will meet on the first Monday for re-organization and it is said that there will be no changes for the fiscal year.

TRUCKERS IN SESSION.

Meeting of Executive Committee in This City Yesterday Morning.

The Executive Committee of the East Carolina Truck and Fruit Growers' Association was in session in this city yesterday morning. President Wm. E. Springer in the chair and all members in attendance except Mr. W. L. Hill, of Warsaw. The prime object of the meeting was for a conference with the transportation officials of the Atlantic Coast Line with reference to the movement of the strawberry crop the coming season. A conference was held with President Emerson and Mr. R. A. Brand, General Freight Agent of the road, as the result of which those officials promised to do all they could to facilitate matters.

Deer Captured in the Water.

A half-grown deer was seen by some fishermen at Fowler's Point, on Masonboro Sound, to plunge into the water there yesterday afternoon in an evident attempt to swim the channel to the other side. The men put out for the deer as it struggled through the water and succeeded in effecting its capture. The animal wore a half frightened look when it plunged into the water and the residents in the neighborhood are at a loss to account for the presence of the animal in that vicinity as deer were never known on the Sound before. One other was captured there some time after the recent storm and the appearance of the second yesterday has caused some speculation as to their coming. The deer captured yesterday was brought up to the city in a crate and offered for sale as a pet.

OUR COAST EXPOSED TO WAR.

In to-day's Star is published a communication concerning the startling insufficiency of men to man our coast defenses. The article is all the more valuable because it is by an artilleryman who is well posted in the needs of the service and is in a position to observe its glaring defects.

The complaint is not that the coast defenses are inadequate, for the government has spent millions of dollars to fortify various strategic ports of the country. Even at the port to Wilmington several millions of dollars have been spent to make Fort Caswell one of the strongest fortifications on the Atlantic Coast. Formidable works have been constructed and the armament consists of the latest improved of high-power guns known in modern warfare. However, the Star's correspondent emphasizes the fact that there is a startling insuffiency of men to man and serve the guns and properly care for the forts that cost the country immense treasure. Reference is not made particularly to conditions at Fort Caswell, but to all coast fortifications from Maine to Texas.

This is a serious matter for the attention of the next Congress. At the first session of the 59th Congress, a bill was introduced to enlarge the artillery service of the Army and it should have passed. It was strongly urged by President Roosevelt, Gen. Chaffee, and other experts, and their reasons were of the most impressive nature. A little thought given to the subject will convince any one that the Star's correspondent draws attention to a really "crying need." The old addage "In time of peace prepare for war" holds good to-day, and the people or nation that fails to heed it will realize it to their sorrow.

Not alone should there be a sufficient increase in the artillery service so that the fortifications can be sufficiently and economically cared for and preserved, but primarily to make the service what it should be in the event an efficient nucleus is required in the event of war. Artillerymen cannot be improvised out of raw recruits as experts and intelligent people well know. It requires skill and training to handle the big high-power guns, and the country demands that the service should be up to a reasonable standard of efficiency to ensure safety to the important ports of hundreds of miles of coast. It is a really serious matter and Congress should not be slow to grasp the situation.

It is the well settled policy of this country to not be behind any other nation in its naval establishment. All loyal Americans are agreed upon that and all parties are committed to it. The Democratic party under President Cleveland's administration and with Secretary Whitney at the head of the Navy, inaugurated the plans and began the building of one new "Greater Navy." Millions of dollars have been spent upon it and will continue to be spent till this country may be immune to attack because of its preparedness to defy it. However, to make that navy efficient the coast defenses must be proportionately efficient and formidable. Experts are agreed that a navy left without the support of coast defenses would ever have to be on the defensive instead of on the agressive. The war between Japan nad Russia taught the world that lesson from the fact that Japan's coast was so well fortified that her navy could leave for the field where its efficiency could serve the country in crippling and destroying its enemy. That is all history, and it would be folly for this country not to benefit from that powerful object lesson.

The Star heartily seconds the strong grouping of reasons by "Artilleryman" in to-day's paper, and we think the facts briefly set forth should impress Congress that an increase of men for the artillery service is an absolute necessity.

THE POSITION OF COTTON.

In consequence of a radical change in weather conditions and the recovery of much cotton from the fields which was previously regarded as hopelessly lost, also of reduced estimates of frost damage, the New York Bears have resumed their concentrated hammering of the market and by the help of the heavy movement for October shipments, forced prices down about $9.00 a bale from the highest quotations of three weeks ago.

Moreover, Mr. Buston, the great English estimator of the American crop from railway car windows, has been heard from. He says the crop will exceed 13,000,000 bales, while Mr. R. L. Neill says we shall have a total supply of 16,190,000 bales of American cotton for 1906-7. When these two big guns reverberated around the cotton world, some of the smaller calibre took up the noise about a huge crop and we have had nothing but Bear news throughout the week.

Doubtless the crop prospect is better than was evident three weeks ago Perhaps the estimates of 11,250,000 by Messrs. Norden & Co., and by other well connected cotton houses in New York, were short of the mark. Time will show.

The everlasting question that will not be silenced by the Bear guns is, how much American cotton will the world need this season? The Star believes that every bale of its estimate of 12 millions, of this year's production, will be required by spinners, if the price keeps at or slightly beyond 10 cents for middling cotton at the plantations. Every mill in Europe, Asia and America, with decent management, is selling cotton goods for months ahead on a basis of 12 cents per pound for the raw material. The demand for goods cannot be supplied. There was never anything like it in the history of cotton spinning and weaving. The mills will doubtless buy a heavy reserve supply and continue to sell the manufactured product as far ahead as they can, while the raw material affords them such splendid profits as forty, sixty and seventy per cent on their invested capital.

Unfortunately the crop in the Carolinas and Georgia is not a good average. In some parts of our own State it is almost a total failure; all sandy lands have suffered from excessive rains, and the grade is poor. The Star advises its subscribers who have cotton to market their crop slowly, a course which insures a fair average price, and a fair average price this year is not going to be a bad price.

CURRENT COMMENT.

And Spencer "he does things for us"—no more. Fact is he never did.—Statesville Landmark.

—Atlanta reports that Tom Watson will succeed Harvie Jordan, as president of the Southern Cotton Association, which is like swapping the devil for the witch.—Raleigh Times.

—We wonder will the plunderbund, as Mr. Heart's newspaper denominated "predatory trusts," learn a lesson from the great vote given him, which would have been an immense majority vote had his personality not entered so conspicuously as a factor in the contest? From some acts of great trusts it does seem that money madness has wholly blinded them. As long as that is so they give a standing invitation for their own violent destruction.—Columbia Record.

—In view of the report that Dr. Matthews had not committed suicide and his family was preparing to bury an unknown corpse as that of the wifeslayer, citizens of Durham who knew him in real life, looked into the coffin and positively identified him as Dr. Matthews. It was a wise thing to do. The evidence in Baltimore was sufficient to satisfy anybody, yet it was proper that further steps should be taken in North Carolina so as to end the wild talk for all time.—Raleigh Times.

—Several of our political enemies, but for all that good friends, are disposed just now to have a little quiet fun at our expense. To this we have no objections to offer. If conditions were reversed we might ourselves feel disposed to rub it in, in a neat but not gaudy manner. Anyway our friends will find us a game loser, and while the chicken has flown beyond our reach we have a handful of feathers and the satisfaction of knowing that we scared it half to death.—Greensboro Industrial News (Rep.)

—The curtain has dropped on the life of Dr. Matthews. There has been no case in many days in North Carolina that demontrated so clearly the fearlessness of self-inflicted punishment. With the little viol and hypodermic he sowed the wind. The whirlwind he reaped is a story open for all to read. In maniacal frenzy he murdered his wife and then wound up the tragedy by taking his own life. The drug was the cause of it all. We notice a report from Richmond to the effect that thousands of people in that city are addicted to the fearful habit, whose end is suffering, misery untold and death. No doubt there are some nearer who are forming the habit. If this be true, read the horrible pages of Dr. Matthew's history and stop before the time comes when you cannot. We can but sympathize with such people, even if their misery is of their own begetting. There are many forms of dope and the number of its victims is rapidly increasing.—Charlotte News.

In New York on Wednesday a man was terribly used up in a fight with a Colorado steer. We had the same experience in a fight with the G. O. P. elephant just the day before.

APPEARING OLD

Lets as a Bar to Profitable Employment.

You cannot afford to grow old.
In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.
It is impossible to do this without regaining a luxurious growth of hair.
The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.
Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use
Herpicide makes an elegant hair dressing as well as Dandruff cure.

A FAMOUS OLD HYMN.

Pathetic Origin of "Blest Be the Tie That Binds."

A pathetic and yet charming story is told of the origin of the well known hymn, "Blest Be the Tie That Binds," which was written by Rev. John Fawcett, an English Baptist, who died in 1817, having spent nearly sixty years in the ministry.

It was in 1772, after a few years spent in pastoral work, that he was called to London to succeed the Rev. Dr. Gill. His farewell sermon had been preached near Moinsgate, in Yorkshire. Six or seven wagons stood loaded with his furniture and books, and all was ready for departure.

But his loving people were heartbroken. Men, women and children gathered and clung about him and his family with sad and tearful faces. Finally, overwhelmed with the sorrow of those they were leaving, Dr. Fawcett and his wife sat down on one of the packing cases and gave way to grief.

"Oh, John," cried Mrs. Fawcett at last, "I cannot bear this! I know not how to go."

"Nor I either," returned her husband, "and we will not go. The wagons shall be unloaded and everything put in its old place."

His people were filled with intense joy and gratitude at this determination. Dr. Fawcett at once sent a letter to London explaining the case and then resolutely returned to his work on a salary of less than $200 a year.

This hymn was written by Dr. Fawcett to commemorate the event.

FASTING FADS.

They Should Find No Favor With Nervous, Anaemic People.

It is said by some physicians that a good deal of the insomnia, extreme thinness and general debility from which Americans suffer is due to the various fasting fads. Here a man goes without breakfast, there a woman makes a point of going hungry to bed. Another systematically omits a meal at noonday, and so it goes. Where people are constitutionally below par and in a position where they can only hope to maintain a fair degree of efficiency by keeping up their vitality such "stunts" are of questionable virtue. Sturdy, full blooded people, with iron nerves and digestions that can negotiate nails, may try starving themselves with impunity perhaps. Thin, anaemic, nervous people, on the other hand, generally need all the food they can eat and all the blood they can make. If such people would eat before going to bed they would generally see an increase in vigor, for the reason that while the wear and tear of the body were suspended digestion and assimilation would still be going on. In other words, the body would be making more tissue than it destroyed; hence an increase in blood, in weight and in health. At least that's the way one physician explained things to a woman of the pale, thin type who applied to him "all run down."—New York Tribune.

A Humming Bird's Umbrella.

In front of a window where I worked one summer was a butternut tree. A humming bird built her nest on a limb that grew near the window, and we had an opportunity to watch her closely—in fact, we could look right into the nest. One day when there was a heavy shower coming up we thought we would see if she covered her young during the rain. Well, when the first drops fell, she came and took in her bill one of two or three large leaves growing close by and laid this leaf over the nest so as to completely cover it. Then she flew away. On examining the leaf we found a hole in it, and in the side of the nest was a small stick that the leaf was fastened to or hooked upon. After the storm was over the old bird came back and unhooked the leaf, and the nest was perfectly dry.—Exchange.

The Lost Golf Ball.

"Once in Scotland," said a professional golf player, "I saw a lost ball cause a great commotion. Over there, you know, a lost ball means a lost hole. Two professionals were playing, and one of them lost a ball in the tall grass. He searched for it a long time. Nearly half an hour passed. His opponent kept urging him to admit that the ball was lost and to forego a hole, but this the other refused to do. And finally, with a triumphant laugh, he pounced down, fumbled in the weeds and rose with a ball in his hand.

"'Here's my ball. I've found my ball,' he shouted.

"'Yer a liar,' said the other professional, 'for I've got it here in my pocket.'"

Rather Rough.

Above the stairway there flickered a candle, and then a deep voice called from the shadows:

"Katherine, Katherine, who is that sandpapering the wall this hour of the night?"

A long stillness and then:

"No one down here, father, dear. I guess it must be next door."

The candle vanished and then from the gloom of the parlor:

"George, you big goose, I told you never to call on me unless you had been shaved!"—Chicago News.

After the Fall.

"I always pitied Adam and Eve for being driven out of Eden in such insufficient clothing, just as winter was beginning."

"How do you know it was winter?"

"Why, it was just after the fall, wasn't it?"—Cleveland Leader.

The best education in the world is that got by struggling to make a living.—Phillips.

GIANT AND MIDGET GROUP

The antipodes of humanity—the tallest man and woman in the world and the tiniest of tiny Lilliputians—are exhibited in the Barnum & Bailey Show. Goliah was the biggest man of Biblical times, but there is no reason to believe that he even approached the colossal proportions of George Augur, the Welsh giant, who is being exhibited by the big show this season. Col. Augur, however, is a modern educated, up-to-date man, with nothing abnormal about him but his size, but that is so gigantic as to startle and astonish all who see him. A "six-footer" is usually regarded as a tall man, but Augur is fully two feet taller, and heavy in proportion. It requires shoes, and much more than double the avarage quantity of cloth to clothe him. His hats are, of course, like everything else, made to order, but if numbered according to the hatter's rule would be about 16. This giant is a college graduate, and it is no mere figure of speech to say that he matriculated the highest in his class. He is an all-around college athlete and has made several enviable records.

The tallest man is interesting, but scarcely more so than the tallest woman. Rosa Wested is the name of the most towering woman that the world has any record of. She was born in Denmark 23 years ago, and has never before been seen on this side of the Atlantic. In Europe she created a sensation, and the desire to see her was so great that a bonus of several thousand of dollars had to be paid to secure her release from contracts already entered into with European managers. Miss Wested, like Col. Augur, is not an attenuated, long-drawn out freak, but a perfectly formed and comely woman, only on a scale of immensity that gives her the appearance of a Colossus when placed alongside of a woman of ordinary stature. Her weight is about 400 pounds, her height is nearly eight feet and her hands and feet are quite in keeping with her collossaal size, She is a well educated, intelligent young woman, and in her own language, converses fluently on the many strange experiences she has had as a consequence of her abnormal size.

In the great show with its hundreds of clever and often curious people, which will be seen here to-morrow, Monday, November 12, the giants have no warmer friends and admirers than the Culliver Lilliputians, and this regard is fully reciprocated. In fact these Lilliputians are the especial pride and admiration of the entire circus people. There are four of them and they are veritable "human toys." Their names are Charles, Isabella, Ernest and Caroline. They were all born in Austria or Hungary, but having spent some time in England and the British colonies, are able to converse wiht visitors in more or less imperfect English. All these little people are clever singers and dancers. while Louis, who is universally known as "The Prince" and his little associate, Isabella, are remarkable acrobats, aerial gymnasts and performers on the tight wire. This quartette of Lilliputians could in fact, entertain an audience for several hours without duplicating their performance. Naturally they are great favorites with the younger element in the crowds that daily throng the big tents of the Greatest Show on Earth.

The giants and Lilliputians are living illustrations of Gulliver's travels in Lilliput, so dear to the hearts of childhood. They are exhibited without extra charge in the great managerie pavilion, where at frequent intervals prior to the performance in the main hippodrome tent, musical and terpsichorean entertainments are also given by the Gitana, a famous company of Swedish dancers, singers and instrumentalists.

The big show arrived to-day and will spread its tents on the Hilton circus grounds.

* * *

The much-exploited Barnum and Bailey Greatest Show on Earth, exhibits here to-morrow and that means a lively Sunday, not only for the army of circus men, but also for the curious thousands who always find enjoyment in watching the curious sights incident to the arrival of the big show. Even the small boy, who couldn't be hired to remain away from the performance, realizes that there are a thousand and one things of interest to be seen on the show grounds during the early hours of preparation and he will undoubtedly be out in force to do honor to the occasion.

The show comes from Charlotte and will reach Wilmington at an early hour to-day. There will be no delay in unloading the five long trains of cars used in transporting the paraphernalia and as rapidly as possible the imepdimenta will be conveyed to the exhibition grounds, the tents erected and the cicus city placed in readiness for the inaugural free show and the performances that follow. The outside show will be given in front of the main exhibition tent between 10:30 and 11 o'clock in the morning and 5 and 5:30 o'clock in the evening. It will be entirely free to the public and will be so new and novel as to constitute one of the most pleasing features of circus day. Instead of waiting on the streets for the conventional and usually long-delayed parade the public will be entertained without charge on the show grounds.

The two performances which are to be given in this city will be complete in every way. The first is at 3 o'clock in the afternoon and the final one at 8 p. m. The program is an exceptionally varied one. Particular attention has been given earial displays. The Imperial Vienese Troupe of high-air gymnasts numbers 10 exceptionally clever men and women from the Austrian capital. The Siegrist,Silbon Troupe of aerialists is an English importation. Both of these companies of aerialists created a sensation at Madison Square Garden, New York by their remarkable double and swisting somersaults in mid-air, and they are among the greatest artists that Europe has ever sent to this country. Europe also sends a long list of other talented performers, including the Floranz and Grunatho troupes of acrobats, who perform almost incredible feats of acrobatism with a grace and skill that instantly wins recognition the Vorlop whirlwind dancers; the Boller Brothers, who turn earial somersaults on bicycles; the new automobile sensation, the "dip of death" and many other great acts.

The display of high school horses is also exceptional this year. This department of the big show presents, in addition to he Ray Thompson troupe of high-school horses, a company of clever horsewomen from the notable circuses and riding schools of Europe. Among the principal riders of international reputation are Josie Demott, the somersault equestrienne, Ella Bradna and Fred Derrick, Dallie Julian and Fred Leigett, the famous Meer Sisters, the Riding Rooneys, William Melrose and many others.

The comedy part of the performance is given under the direction of the famous clowns, Spader Johnson, Steve Miaco, the Brothers Kennard, Kennedy and Quatrelli, the Lucifers and Dan Marvelle, and these Merry Andrews, with 35 other funmakers, keep the rinks and hippodrome track very much alive during the time they are "on." These funny fellows are of the class known as "mechanical clowns," and they utilize a great deal of ingenious and interestig paraphernalia in their acts.

The hippodrome races are rendered particularly exciting and realistic by the use of genuine racing stock, and in the chariot races some of the most daring and dashing driving is performed by fearless and wonderfully skilled women.

The menagerie is notable this year from the fact that it presents three herds of big and little elepnants, four towering giant giraffes, a recently acquired specimen of the rare bi-horned rhinoceros, 20 camels and dromedaries and 50 dens of rare caged animals.

The arenic performance is preceded by a splendidly costumed spectacle based on the Russo-Japanese war. This gorgeous display is entitled "Peace" and it serves to introduce hundreds of soldiers of mythological characters, and scores of horses, elephants, dromedaries and other animals in one of the most picturesque pageants of modern times.

Owing to the great amount of paraphernalia required for the big sensational acts they will be given early in the programme at the night performance. Reserved and box seats will be on sale on the exhibition grounds at the opening hours and downtown on the show day without any advance in price at Green's drug store.

Intensely dramatic is the plot of The Princess of Paris, the new romantic play to be presented at the Academy of Music on Tuesday night by Rose Mayo and company. Hortense De Mauprat, the Princess of Paris, is the daughter of the French Royal household, but, being beggared by the Prime Minister she becomes addicted to the vice of gambling, a secret known only to the Minister of Police. Through this knowledge they compelled her to become a spy in the secret service, a position she loathes.

Count Guilbert de Moville, a friend of the people, is the author of seditionary documents directed against the king, which he sends through various secret agents, all over France. Through the treachery of the Minister of Police, he obtains documents proving the double dealing of the Prime Minister, he embodies in a pamphlet and scatters broadcast. For this he is obliged to take refuge in Prague, the Prime Minister desires his return and the most proficient spy in the service is assigned to the task. This happens to be the Princess of Paris. Before his flight she has met and loved de Moville and on learning it is the whom she is to decoy back to Paris, she refuses her superiors commands and resolves to save her lover. In the disguise of a fellow officer she visits him but De Rohan and Moran penetrate her disguise and compel her to act.

She hurries to Paris to plead her cause before the king only to find that she has been outstripped by De Hohan who places her under guard in her own house. De Moville's jealousy is aroused by the resourceful Moran, and he hurries to Paris to denounce his love and slay her paramour. Entering her house he is surrounded by gendarmes who are about to conduct him to prison, but Napolean's opportune return and the flight of Louis, the king, makes De Rohan's orders futile and he himself is placed in jeopardy. De Moville is made military governor of Paris and De Rohan goes to the prison he had prepared for him. The happiness of the lovers is complete.

OSMAN STOCK COMPANY.

On account of having an open date the Osman Stock Company will be at the Academy again to-morrow night, but will close its present highly successful engagement at that time. The company has proven one of the favorite popular price attraction and, no doubt, to-morrow night the audience will be as large as the ones that marked the performance of the company last week. One of the company's best bills will be presented and the specialties will all be changed and will be of a decidedy clever and up-to-date nature. There will be plenty of them and each will be of snappy character.

As a courtesy to the ladies the usual complimentary privilege will be extended them. That is every lady accompanied by the holder of a paid 30 cents ticket will be admitted free if such ticket is purchased at Plummer's by 6 o'clock to-morrow afternoon.

Anyway, as one of them expressed it yesterday, the actor folk aboard the good ship Lagonda, which will clear for Southern ports to-morrow, there to afford the natives the delights of the theatre, will not have to worry about having to walk back to Broadway—all they will have to fear will be swimming.

Everybody has heard of the actors whose companies travel in special trains. It remained for Chelso Peruchi—an American despite his name—to take his troupe about in a private yacht, for the Lagonda is a well appointed single screw vessel, with accommodations for 15 persons calculated to satisfy the most fastidious, let alone actors to whom "the road" usually means dissomfort, if not hardship.

Peruchi announced by his posters to be a strong favorite in the Southland, is not without theatrical. In fact by reason of his wide knowledge of the business that he has devised this method, the success of which he says is assured. With his wife, who rejoices in the stage name of Gypzene, he has headed companies that have confined their artistic efforts to territory outside of Broadway, and in spite of this he has achieved financial success in common with others whose reputations have never penetrated the fastness of "little old New York." For 10 years he maintained a summer theatre in Knoxville, Tenn., and he has been the Herr Director in similar enterprises in Chatanooga, Tenn., Augusta, Ga. and Columbia, S. C. In addition he has sent out road companies, one of which he intended to lead until the theatrical cruise took form.

Peruchi bought the Lagonda in Sandusky, O., and brought her here under her own power through Lake Erie to Buffalo, then through the Erie Canal into the Hudson and down to West Forty-fifth street, where she lies.

Capt. Quinn of Florida, commands the vessel, which is about 80 feet long with a 17-foot beam. The Peruchi-Gypzene Company will strike the Delaware-Raritan Canal at Amboy and work down the Delaware river to the Delaware-Chesapeake Canal into the Chesapeake Bay to Norfolk, Va. There the vessel will go through the Dismal Swamp Canal, avoiding the passage off Hatteras and emarge at Cape Lookout to take the outside route to Jacksonville.

Wilmington, N. C., will see the premiere. The cruise will be continued along the coast and to the Bahamas and it will last until April. A repertoire of seven pieces will be provided and everything needed for the performances, including the actors, will be carried aboard the yacht, except an advance agent, Maurice Brown Kirby, who will go ahead by rail.

Mrs. Ritchie, mother of Gypzene, will act as chief stewardess when not playing "character old woman" roles. Richard Phelps will do juveniles and be the mate afloat. The boat is to be the home of the company, no matter how long the stay in a town may be.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

Happenings and Doings In Society.

By G. N. H.

Mrs. Charles Hurkamp of Fredericksburg, Va., is the guest of her sister, Mrs. James Sprunt.

* * *

Mr. and Mrs. Thomas W. Davis will entertain the Peck-James bridal party on Tuesday evening and much pleasure is anticipated.

* * *

Mrs. Walker Taylor and little Virginia are on a pleasant visit in Baltimore but are expected to soon return to their homes.

* * *

One of the crowning Society events of the holiday season will be the appearance in this city of the Princeton Glee Club—which will probably be just before the New Year.

* * *

The formal opening of the library may occur during the coming week but there is a possibility of further delay. The ladies of the Sorosis are, however, working on the plans for the reception.

* * *

Mr. William M. Peck arrived yesterday from the A. and M. in Raleigh to attend the marriage of his sister, Miss Jeannie Peck and Mr. Geo. P James next Wednesday evening.

* * *

Friends were pleased to welcome among them again, Mrs. Frank Hopkinson Smith, who arrived Friday on a visit to her parents Mr. and Mrs. George Wilson Kidder on South Third street.

* * *

Mr. Preston Cumming, Jr., has decided to locate in this city for the practice of law. His friends are pleased to welcome and wish him every success in his chosen profession.

* * *

Dr. and Mrs. James H. Durham have moved up from the Sound and are comfortably located at 403 Chesnut street. Their daughter Miss Nellie Alston Durham is one of the seasons charming debutantes.

* * *

Mrs. Warren G. Elliott, Sr., and daughters, Miss Mardita and Beppe, have been welcomed to Wilmington, and are spending the Winter with Mr. Geo. B. Elliott at Fenmore, Wrightsville Sound.

* * *

It is hard for a man to convince his wife that he really and truly loves her unless he offers to build fires on cold Winter mornings. And she expresses her confidence in him by refusing to let him build them.

* * *

Mrs. William Spencer Brinkley ,of Savannah, Ga., is an agreeable guest of Mr. and Mrs. Edward Toomer Huggins, at 101 North Sixth street, and has been warmly welcomed by friends of her host and hostess.

* * *

Charming guests of the Misses Mamie and Laury Clark at their home on Dock street are Miss Jane Peters, of Portsmouth, Va., and Miss Mamie Bryan, of Tarboro, who have been welcomed by the many friends of the Misses Clark.

* * *

Mrs. Kate DeRosset Meares who has spent the past Summer in Marion, N. C., has returned to the city to the pleasure of her friends by whom she has been very much missed. She will be the guest this Winter of her niece, Mrs. Annie DeRosset Harris.

* * *

Friends are anticipating with much pleasure a visit from Miss Fannie Hines Johnson, of Raleigh, N. C., Miss Johnson will be the guest of Miss Sadie Williams, on South Fourth street and is expected to arrive about the Seventh inst.

* * *

Mrs. Cornelius VanLeuven and Miss Elliotte Emerson were hostess at a pleasant entertainment on Thursday afternoon complimentary to Miss Jeannie Peck. There were three tables of bridge and a very pleasant afternoon was spent by the guests, most of whom are to be of Miss Peck's bridal party.

* * *

Mrs. Marshall Williams, of Faison, N. C., who is widely known for her talents as a painter, is in the city and is a guest at the home of Mrs. R. W. Hicks, on South Third street. Mrs. Williams is completing very handsome portraits of the lamented Captain William Rand Kenan and of Mr. William Gilchrist, of this city.

* * *

A rare treat is in store for all lovers of the drama in the appearance of the Ben Greet Company in Twelfth Night at the Academy on November 22nd. Nothing in the country can rival this excellent company and, as the benefit is for the Wilmington Public Library, it is hoped to make the play a great social success.

* * *

Mr. and Mrs. William R. Tyree, have taken up their residence here, much to the pleasure of Mrs. Tyree's, nee Miss Marie Munds, former friends. Mr. Tyree is a young lawyer who has associated himself with The Carolina Truck and Development Co. They have taken apartments at Mrs. John L. Maffitt's, corner of Fourth and Nun street.

* * *

The Literature department of the North Carolina Sorosis will be at home to the members of the club on next Thursday afternoon at the residence of Mrs. Wm. Berry, Fourth and Market streets. This is the first of a series of social meetings which the club will give during the Winter and toward which all members look with pleasure.

* * *

Mr. and Mrs. Albert C. Kenly have moved to city for the Winter and are guests of Mr. and Mrs. Rufus W. Hicks, on South Third street. The Kenly's home at Lake Waccamaw has been closed for the Winter and Spring but will be open for the Summer and will doubtless be the scene of many pleasures on the return of the Misses Kenly from school.

The following invitations to the fifth anniversary of their marriage which is, as is well known, their Wooden wedding, recalls pleasant recollections to many friends in this city.

1901 1906

Mr. and Mrs. James Walter Williamson

At Home

Monday November Twelfth

at half after eight o'clock

602 Market street.

* * *

Miss Mary Black who has been a visitor in this city for the past six weeks has returned to her home at Red Springs much to the regret of many friends. During her visit she has added to the pleasure of a very great many with her vocal powers Miss Black has a very sweet voice and sings delightfully, several times singing in the choir of the First Presbyterian church to the satisfaction of the large congregation.

* * *

Friends in this city have received handsomely engraved invitations read ing as follows:

Mrs. M. E. Westendorff

requests the honor of your presence

at the marriage of her daughter

Lillie Pelzer

to

Mr. Stuart Heinsberger

on Wednesday afternoon November twenty-first nineteen hundred and six at half after three o'clock

256 Rutledge Avenue

Charleston, South Carolina.

* * *

An event of interest to many friends of Mr. Eugene Forshee, in this city, is his approaching marriage to Miss Adele Moses, of Sumter, S. C., which will take place at the home of the bride-elect on December twelfth. Miss Moses has many acquaintances in this city having visited the beach for the past two seasons. Last Summer her parents occupied the Kitty Cottage where she entertained her friends and received very much attention. Mr. Forshee is a young gentleman who commands the respect of those who know him and who wish for him a full measure of happiness.

* * *

A child's party of much interest and pleasure was that given last week by Mr. and Mrs. Edward T. Huggins, the occasion being the third anniversary of the birthday of little Edwin Clark Huggins. Many games were played to interest the little guests and tempting refreshments were served. Pretty papier mache souvenirs of pumpkins, cats, cherries and other forms filled with bonbons, were given each guest, who were: Florence Scott, Ruth Pleasants, Maud Wilson, Virginia Walsh, Marie Bonitz, Elizabeth Tate, Margaret Toone, Mary Jennings, Harriss Bellamy, Harris Spencer Brinkley, Carlisle Bloome, Reginal Bloome and Everett Huggins.

* * *

Invitations have been issued to the marriage of Mr. Norman Norris Royall, of this city, and Miss Mary Louise Oliver, of Mount Olive, N. C. The bride-elect is among the most charming young women of the State and is exceeding popular in her home town or wherever she is known. The prospective groom is a young gentleman of fine attainments who has many friends and is a son of Mr. and Mrs. William N. Royall. The marriage will take place in the First Baptist church, Mount Olive, N. C., Wednesday the twenty-first inst. The friends of the young couple wish them a long and prosperous wedded life.

* * *

Mr. Allie Hall's memorable house party of the past summer is fast being decimated by Dan Cupid and the disintegration has been one of activity, So far this Fall one of the party has been married another will join the army of benedicts within 10 days and still another will follow suit next month. One of the others has been "spoken for" which leaves but three who have been left to ornament the walls. It is suggested that if the unlucky three would do as the others did, work by electricity, or have some assurance or saw wood and say nothing, they might be as happy and successful as has been Mr. John Hall, Capt. John Van B. Metts and Mr. Aubrey Parsley. The unfortunates are very nice young gentlemen who deserve a better fate. One has a Carr full of recommendations, another can Crow about many fine qualities and a third has an eye on the Hall of fame. Does anyone want them?

* * *

Surmounted by the family crest of the bride-elect's family, handsomely engraved invitations have been received by friends:

Mr. and Mrs. William Budd

request the honor of your presence

at the marriage of their sister

Josephine Sheppard Budd

to

Mr. John VanBokkelen Metts

on Tuesday afternoon, November the twentieth nineteen hundred and six

at six o'clock

Tabb Street Presbyterian Church

Petersburg, Virginia.

The Budd-Metts marriage is of very much interest in this city because of the great popularity of the contracting couple as well as of their prominence in society circles. Miss Budd is one of Virginia's most attractive young women; she has visited friends in this cty on several occasions and on each occasion has made many new friends by her delightful charm of manner. Capt. Metts is so well known that it is hardly necessary to say that he has a great many friends, is prominent in Wilmington and the State socially, in military life and in the business world.

Quite a number will go from this city to attend the nuptials. Capt. Metts will leave next Saturday evening and those who will constitute a part of the bridal party who will follow on Sunday are: Mr. R. Aubrey Parsley, Mr. Harold M. Chase, Mr. Thomas H. Wright, Mr. John B. Peschau, Mr. George Davis and Mr. Edwin A. Metts. Those who will leave next Monday to witness the mariage are: Mr. and Mrs. Junius Davis, Miss Alice Davis, Miss Belle Anderson, Mrs. Edwin A. Northrop, Miss Eliza Metts and Capt. James I. Metts.

Seventeenth Century Panegyrics.

George II. inquired why Milton did not write his "Paradise Lost" in prose. One sympathizes more with Stephen Duck, the peasant poet, who read the great epic over "twice or thrice with a dictionary before he could understand the language." We find ourselves somewhat at a loss to understand the language in which were couched the fulsome panegyrics of the late seventeenth century. Dr. Hill selects two which it would be hard to surpass. The first is Dryden's to Roscommon:

How will sweet Ovid's ghost be pleased to hear
His fame augmented by a British peer!

Cant goes almost farther in the second and blasphemy a good deal farther. It is Halifax's lament for Charles II.:

In Charles, so good a man and king, we see
A double image of the Deity.
Oh, had he more resembled it! Oh, why
Was he not still more like and could not die?

This seems unsurpassable. Yet if Dr. Hill had been concerned with the poems of Mr. Richard Duke he would doubtless have secured an almost equally startling couplet in memory of a monarch whose wit has been more often extolled than his virtue:

Good Titus could, but Charles could never say
Of all his royal life he lost a day.

—Professor W. P. Trent in Forum.

AN AGED PHYSICIAN.

After Years of Experience Gives the Following Advice.

"If you have anything to do with medicines at all, be pretty sure you know what you are taking."

Our local druggist, R. R. Bellamy, says this is a strong point in favor of their valuable cod liver preparation, Vinol, Everything it contains it plainly printed on the label, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but with the useless, nauseating oil eliminated and tonic iron which is a needful constituent for the blood, added.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles and there is nothing known to medicine that will so quickly build up the run down, overworked tired and debilitated or give strength and renewed vitality to the aged,as Vinol.

We can only ask every person in Wilmington, who needs such a medicine to try Vinol on our offer to return their money if it fails. Robert R. Bellamy, druggist.

Note—While we are sole agents for Vinol in Fall River, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

—Hendersonville, Nov. 9.—Charles French Toms' precinct in Hendersonville, which was Republican two years ago, went Democratic this year. Toms went over to the radicals recently and in a speech pledged the Republican leaders that he would perform wonders in Henderson county. He succeeded in losing his own precinct.

—Wilson, Nov. 9.—Mr. Josh Bissett had the misfortune to get his arm caught in his cotton gin to-day and so badly mangled that amputation was necessary. The operation was performed by Dr. C. E. Moore of this town. Mr. Bissett is a prominent farmer living eight miles from Wilson and was formerly a county commissioner.

—Winston-Slaem, N. C., Nov. 9.—Congressman E. Spencer Blackburn, who was defeated by over 1,100 majority by R. N. Hickett, in the Eighth district was here to-night en route from Wilkesboro to Washington. In an interview he said that he proposed to contest the election of Hackett on the ground that more than 1,000 men voted against him who had not paid their poll tax.

—Burlington, N. C., Nov. 9.—A negro barber named Crater was in Mr. Will Holt's office this morning. Mr. Holt asked him about some remarks he had been making about the trial in progress in Graham, being the nature of threats against some of the witnesses against the negro, who is charge with shooting Mr. L. Banks Holt. He answered Mr. Holt very insolently, whereupon Mr. Holt knocked him down. When he got up he made at Mr. Holt with a razor. Mr. Holt drew a revolver and shot at him. But for the interference of his brother, Mr. R. L. Holt, he would have killed him. The negro ran down stairs and while doing so lost four dollars and three razors. The negro Crater and three other negroes have been notified to leave Burlington and have done so.

—Graham, N. C., Nov. 9.—The trial of Henry Walker on the charge of burglary in the first degree, which is a capital crime, in connection with the murderous assault upon Mr. L. Banks Holt, Tuesday night, was begun at half past one o'clock this afternoon, and when court took a recess until to-morrow afternoon all the evidence was in the defense having none to offer. A strong chain of circumstances made out against Walker, including a motive for revenge, threats often repeated, the possession of a weapon of the same caliber as the bullet found in Mr. Holt's house, and opportunity to commit the crime. While the evidence was strong at all points the testimony of Fannie McClain a colored girl formerly in the employment of Mr. Holt's family, carried convincing evidence of the prisoner's guilt. She told of being with Walker shortly before the crime was committed, when he informed her that Annie, the maid, had arranged things for him, that he was going to Mr. Holt's house and gave a broad intimation that he had murder in his heart. The witness said that she had begged him not to go, but he left declaring his intention to do so and advising her to know nothing if she heard of anything happening.

—Raleigh News and Observer, Nov. 10.—Herbert L. Matthews, a young white man, about 23 years old, from Harnett county, yesterday afternoon about 5 o'clock drank a glass of coca-cola containing 20 grains of strych nine from which he died in less than an hour in the police station, where he was placed after taking the poison. In his pocket was found three photographs of himself and another young man, two letters to his brother, Mr. Thaddeus Matthews of Chadbourn N. C., in which he told him of his hard luck, need of money, etc., and said he would soon be out of a job but that he had the chance of a job in Sunbeam, Va., but had not the money to get there. There was also a lengthy letter written in ink, not addressed to any one, dated November the seventh, in which he stated that he had decided to end his life, that he had lost all self-control, that his life was so troubled that he preferred to go to a better land, that he knew his mother was much worried about him and that he did not want to worry her any more. He said that he was going to heaven, that although he had been wreckless and had indulged in strong drink, that he had been forgiven. He asked the people not to mourn for him and assured them he was not going to punishment. Herbert L. Matthews was the second son of Mr. and Mrs. Zebedee Matthews, who live near Angier, being highly respected citizens of Harnett county. His oldest son, Mr. Thaddeus Matthews, is a school teacher and has taught two years near Chadbourn.

SALE OF NORWEGIAN BARQUE LAUNBERGA, AND CARGO OF SAWED LUMBER.

By order of the United States District Court for the Eastern District of North Carolina. I will expose for sale to the highest bidder at the front door of the United States Custom House, in the City of Wilmington, N. C., at 12:30 P. M. on Monday November 12th, 1906.

The Norwegian Barque "Launberga" as she lies in the Cape Fear river, near Southport, N. C., and also her cargo, consisting of about nine hundred thousand feet (board measure) of sawed yellow pine lumber, the same being of dimensions as follows: 6x9 and 3x9 running in lengths of from 10 to 40 feet. The cargo will be exposed to sale first and then the vessel. The purchaser of the cargo will have the right to remove it at his own cost.

The purchaser of the vessel will be put into possession as soon as the cargo is removed.

The vessel is (about) 1,400 tons—and about 15 years old. She is dis-masted and otherwise injured.

Both cargo and ship will be sold as they are, and at the risk of the purchaser. TERMS CASH.

BARNUM & BAILEY SHOWS.

"Greatest on Earth" at Hilton To-day From Charlotte.

The Barnum & Bailey Greatest Show on Earth will reach here early this afternoon in seven sections of trian from Charlotte, N. C., over the Seaboard Air Line and two exhibitions will be given on the old golf links just this side of Hilton Park. Thousands witnessed the performances in Charlotte yesterday and as many will throng the vast tent of the shows here to-morrow. Elsewhere in to-day's paper will be found reference to this giant aggregation and some of the big features that are carried. The show is too big to parade, but there will be a free show on the grounds preceding each performance at Hilton. The street car people have promised an excellent schedule to the grounds all day.

The Ladies Say:

"Platt & Haar have the best line of ready to wear goods in the city."

"We don't feel right when shopping until we have been to 'The Little Store.'"

"The most up-to-date store in the city," "The Little Store." **

MAJORITY IN HARNETT.

Ranges From 460 to 520 for Democratic Ticket.

(Special Star Correspondence.)

Dunn, N. C., Nov. 9.—Harnett's Democratic majority ranges from 450 to 520 on the official count. The majority of Mr. Godwin for Congress will be about 6,000 in the district.

An engineering force was here last week making a survey for a railroad from here to Clinton. Three surveys of the route are to be made.

Mr. J. T. Layton, a prosperous farmer of Sampton county, has moved to the city.

LOCAL DOTS.

The Business Locals may be found on page 6 to-day. This department is always an interesting and popular feature of the Star.

—The British steamer Sahara, 2,030 tons, Capt. Ford, arrived yesterday from Philadelphia and will receive a cargo of cotton from Messrs. Alexander Sprunt & Son.

—The German steamer Hohenfelde which has been discharging cargo of fertilizer products here, cleared yesterday light for Fernandina, Fla. The vessel is by Messrs. Heide & Co.

—The British steamer Valetta, Capt. Jones, cleared yesterday for Bremen, Germany, with cargo of 10,077 bales of cotton, valued at $570,600 and consigned by Messrs Alexander Sprunt & Son.

—Elder P. D. Gold, of Wilson, will preach at the Primitive Baptist church on Castle street, this evening at 7:30 o'clock. Elder Gold is one of the strongest men in his church in this State and the public is cordially invited to hear him.

—The meeting of the Piano Club which was postponed from last Monday evening on account of the recital of Miss McClure, will be held to-morrow night at 8 o'clock in the Luther Memorial building. All members are invited to be present.

—The election of Police Sergeant J. R. Hardee to the position of superintendent of the County Home, vice Mr. F. A. Montgomery, who could not be induced to retain the position, leaves a vacancy on the force for which there are a number of aspirants.

—The old white man in the station house charged with being insane will be examined by a commission of lunacy at the Court House Monday. Fennell is the man who was making dire threats against the lives of certain officials. Nothing as to his family connections has yet been learned.

—The St. James Brotherhood invites all strangers and visitors to the services at St. James' Church at 11 o'clock and at 5 P. M. to-day. A cordial welcome into the pews of the church and to participate in the services is extended. The members of the Brotherhood are ushers and will see to the prompt seating of any visitors.

—Cases before the Mayor yesterday ere not especially important. O. B. West, one of the striking laborers at the Cape Fear Lumber mill, was fined $10 and costs for being drunk and disorderly. W. J. Adams, colored, charged with discharging firearms within the city limits, was also taxed with $10 and costs. John Scarboro, colored, for the same offense, was found not guilty and discharged.

"THE PRINCESS OF PARIS."

High Class Offering at Academy of Music Tuesday Night.

Rose Mayo in the romantic play, "The Princess of Paris," will be the attraction at the Academy of Music on Tuesday night.

Miss Mayo is an emotional actress who has found an excellent vehicle for the display of her marked talents in Mr. Barrymore's play of the Napoleonic period. Hortense De Mauprat, a princess gambler and spy, is one of the most striking characters ever presented upon the stage, and is presented by Miss Mayo in most vivid fashion.

Miss Mayo has been an enduring star for several years, and in her present tour South she is accompanied by an excellent company, and her production of a powerful play is complete in every detail.

No More Shoes Sent Out On Approval

AFTER DECEMBER 1ST.

At a meeting of the Shoe Dealers of this city, the following resolutions were adopted:

"That the present method of our sending out Shoes on approval is injurious to our business advancement, and it being self-evident to us that the same is abused and, believing as we do, that this can be adjusted in a manner satisfactory to ourselves and our customers, and, knowing as we do, that the only satisfactory way for a customer to fit him or herself, is to try his or her shoes on in the store, where the different widths and sizes and styles may be tried and a fit assured, and being desirous, as we are, that our customers be given the benefit of our study and knowledge of the Shoe business, we do hereby agree, that on and after the first day of December, 1906, we will not send out any shoes on approval in this city, that is 'Deliver to any person or persons for trial at their home or residence, or for their inspection or for an anticipated sale.'

"That as a guarantee of our good faith and intentions, we do hereby bind ourselves under a cash forfeit of $50.00, said forfeit to be paid, one-half to the informer and one-half to the association, upon conviction of our having violated or broken our agreement."

ROBBED BANKS IN NEW ORLEANS

Five Young Men Arrested For Obtaining Thousands of Dollars by Depositing Forged Checks—Had Secured $20,000 Already.

New Orleans, Nov. 10.—Bank swindles amounting to many thousands of dollars are under investigation by the police, who to-day arrested and detained five young men as suspicious characters, pending the completion of the investigation. The police announced that $20,000 was recently stolen from two banks and that a $47,000 attempted steal had been frustrated during the last few days. This amount was deposited on an alleged forged check with the Commercial National Bank, which discovered the forgery before the deposited amount had been drawn against.

Those under detention are Fred Dicbl, Jr., attorney; John J. Flanagan, John Barrett, Louis Armour and Joseph Porter.

MAY COMPLICATE LITIGATION.

New Move at Norfolk Concerning Bay Shore Railroad.

(By Wire to The Morning Star.)

Norfolk, Va., Nov. 10.—The continued fight of Charles H. Burr, F. D. Zell and others of Philadelphia, to prevent the delivery of the Bay Shore Railroad receivership properties to E. B. Smith & Co., of Philadelphia, under the sale of $765,000, threatens to result in a still longer tie up of the litigation by another appeal to the Supreme Court of the United States on the grounds that "collusion" was had in the assigning of a small boy shore claim to a resident of the State of Maryland so that a non-resident might sue and Federal Court receivers might be had. A final dismissal of the proceedings on such a motion would make void all decrees entered by the court in its four years management of the property; would mean loss of fees to all receivers and court officers and would leave equity only to protect the $200,000 in receivers' certificates held by Wright & Snyder, of Philadelphia, and other expenses incurred in operating the road under the receivership.

Federal Judges Goff and Pritchard are to say Monday whether a writ of prohibition issued by Judge Pritchard in Washington yesterday restraining confirmation of sale to Smith & Co., will be made permanent pending appeal to Supreme Court again.

JUDGE SPEER INDIGNANT.

Thinks Court Has Been Trifled With in Rawlings Case.

(By Wire to The Morning Star.)

Macon, Ga., Nov. 10.—In making the mandate of the United States Supreme Court in the Rawlings case, the judgment of the Federal Court here, to-day, Judge Speer took occasion to intimate to Attorney John Randolph Cooper that if he became convinced that the attorney of Mr. Rawlings took advantage of any more frivolous legal means for the purpose merely of delaying the execution of the State's court sentence, he might find it necessary to make it unpleasant for Attorney Cooper.

The latter denied that any steps he had taken were frivolous and that he believed if a certain record had gone from the Lowndes court the judgment in the United States Supreme Court of the federal court here would have been reversed.

George Bundrick, the Dooley county murderer who has been in jail at Americus, Ga., for six months and lately saved from the gallows by a stay of sentence by the governor, escaped Friday night by sawing the bars. He was convicted of killing John Shrouder and wounding the latter's wife in Dooley, now Crisp county, several years ago.

LEGALIZED POLITICAL BOSSES.

Secretary Bonaparte Would Have Them Make All Nomination.

(By Wire to The Morning Star.)

Baltimore, Nov. 10.—In an interview published in the News to-day, Secretary of the Navy, Charles J. Bonaparte suggested the establishment of a legalized "boss" in each political party, in each of the States and cities, "the boss" to be empowered to select the candidates for the various elective offices, thereby doing away with nominating conventions. Declaring that he was speaking seriously Secretary Bonapare continued:

"Now by a legalized boss, I mean an individual authorized on behalf of one of our parties to choose all candidates of that party for elective offices, within a designated territory—to do intelligently, deliberately and carefully the work which is supposed to be done by nominating conventions or 'Crawford county' primaries but which would be done by such agencies so thoughtlessly, hurriedly and negligently that is is done usually, in fact, by the local boss or ring secret.

"Of course, every facility should be afforded for asking independent nominations whether in the organized party or without so that all citizens who may be dissatisfied for whatever reason, with the regular nomination may be able to vote effectively, according to their convictions."

The reporter asked Mr. Bonaparte how he would choose his proposed legalized boss.

"HDe ought to be elected annually, said the secretary, by the legal voters of his party at a primary held under all the sanction of law and at which only this one office or rather position should be filled. Each voter would have only to say whom he considered the best man in the party to be constituted a nominating convention of one for all elective offices within the State, city or county, as the case might be."

The Secretary was then asked whether he expected to get up an agitation in favor of establishing legalized bosses.

'No," he said "the thoughts I have just expressed are crude and undeveloped, and probably worth no more than you will pay for them."

NATIONAL TREE PLANTING.

Soil From States and Territories Used at Brunswick, Ga.

(By Wire to The Morning Star.)

Brunswick, Ga., Nov. 10.—The planting of a national tree in this city today was an imposing event and was witnessed by an unusually large number of visitors. The tree was plated in the middle of the principal square of the city. Each State and territory was represented by a young girl, dressed in the national colors, carrying a piece of soil from each of the States and Territories which was deposited at the root of the tree. The military of the city also participated in the exercises. The address on the occasion was delivered by Congressman W. G. Brantley, of this city, "Liberty" being his theme.

HUGE SWINDLE IN CHICAGO.

Charles W. Norton Accused of Securing $15,000 Shares Mining Stock.

Chicago, November 10.—Charles W. Norton accused of using the mails to promote a fraudulent scheme and arrested at the instigation of postoffice inspectors, was to-day held to the Federal grand jury at Toledo, Ohio., by United States Commissioner Foote. Norton will be taken to Toledo to answer to the charge of obtaining 15,000 shares of mining stock through a fraud perpetrated on Thomas Smurthwaite, an official of the mining company, by representing himself as a member of a brokerage company, which the government officials declare is fictitious.

Henry Walker, the negro charged with entering the house of Mr. L. Banks Holt, and shooting him Tuesday night at Graham, N. C., was yesterday afternoon found guilty of burglary in the first degree and sentenced to be hanged.

EXCITEMENT AT RIO GRANDE.

United States Cavalry Has Arrived and Subdued Panic.

(By Wire to The Morning Star.)

Austin, Texas, Nov. 10.—According to a dispatch received to-night by Gov. Lanham from Capt. McDonald, of the Ranger force everything is quiet at Rio Grande City where a fight occurred Thursday between Mexicans and Rangers. The troops that were ordered there are expected to-night At least 20 miles of the trip is overland.

Pending their arrival Capt. McDonald has wired the governor that he has forced everyone to surrender his arms and as a consequence no one has a weapon except McDonald's men and the peace officers.

Gov. Lanham to-day ordered the first cavalry company stationed at Austin to hold itself in readiness to move to Rio Grande City should the situation warrant and all members of the troop are in readiness for movement.

The inquest over the bodies of the four Mexicans killed in the recent encounter with the Texas Rangers, find that the killing was in self defense and the verdict justifies the officers.

PEONAGE CASES IN FLORIDA.

Twelve Officers and Employes of Lumber Company Indicted.

(By Wire to The Morning Star.)

Pensacola, Fla., Nov. 10.—Twelve officers and employes of the Jackson Lumber Company, of Lockhart, Ala., were indicted by the United States grand jury to-night for peonage and conspiracy to commit peonage. Three cases of peonage are charged against some of the employes it being alleged that they went into Walton county, Florida, and forcibly brought back to the lumber camps foreigners who had left the employment of the company and who were endeavoring to reach other towns. Beating and ill treatment are charged in one indictment. The offenses are alleged to have occurred last July.

W. S. Harlan, manager of the company, was indicted on two counts of conspiracy to commit peonage and Robert Gallagher was indicted on two counts of alleged peonage and one for conspiracy

WARM WIRELETS.

While workmen were excavating to rebuild a burned structure on West Broad street, Savannah, yesterday, the damaged walls fell killing two negroes.

In a football game at Fort Shaw, Montana, yesterday between the Great Falls and Fort Shaw, Indian teams, James Curtis of the Great Falls team, was killed in a scrimmage, internal injuries causing death. Curtis was a native of Syracuse, N. Y.

In New York yesterday three men were struck by a rapidly moving train and instantly killed at Park Avenue and 56th Street. The men were electricians and were working on the track of the New York Central Railroad under the 56th Street bridge.

Twelve thousand employes of the mines and smelters in Montana have been granted an increase of wages averaging 25 cents a day beginning November 15. The increase in the wages of the Amalgamated Company employes was awarded by H. H. Rogers.

In connection with the report from Pittsburg that the grand jury at that place had indicted three officials of the Shelby Steel Tube Company on charges of illegally tampering with marks upon steel tubes intended to be used in the boilers of warships, Rear Admiral Ray, engineer in chief of the navy, stated yesterday at Washington that not a single defective tube has been placed in any of the battleships.

The Nashville train of the Illinois Central north bound, was derailed at Buckley, Ill. The whole train left the track, but none of the coaches turned over. Fifteen of the passengers and train crew were more or less injured but none fatally. The accident was caused by a broken rail.

"WHERE IGNORANCE IS BLISS,"

said the poet, "tis folly to be wise;" which isn't so if a man's wearing mercerized cotton clothes in blissful ignorance of the fact that they're not all-wool.

Wisdom always pays, even at the cost of ignorant bliss; but in clothes it pays better to be wise beforehand than afterward.

If you buy mercerized cotton clothes you'll get wise sooner or later; they're never as good as they look, nor as good as they cost; they dont wear like all-wool; and they'll prove it to you themselves.

If you buy Hart Schaffner & Marx clothes, you're wise beforehand; they are all-wool, and you know it; you get what you pay for; and it's woath all you pay for it

We sell Hara Schaffner & Marx clothes because it pays you to buy rhem as much as it pays us to sell them.

A stylish shoe that's absolutely comfortable

No. 66, Red Cross Glazed Kid Lace, $3.50

In the ordinary shoe, at every step, the sole of the shoe rubs the ball of the foot. Thousands of rubs a day!

This continual rubbing draws the feet, makes them burn, throb, ache. The constant strain tortures the nerves of the feet and they in turn tire out the whole system.

The Red Cross Shoe saves a woman's strength, because it removes this strain. The sole of the Red Cross Shoe is *flexible.*

—Lamberton has a cotton mill, which paid for itself in dividends within three years after it started operations.

—The Carolina Telegraph and Telephone Company of Wilson, has bought a lot on Nash street and will erect a three story brick building for its office 30x100 feet.

—At Charlotte on Friday James Johnson, son of Mrs. J. A. Johnson, had two fingers torn off and his left hand terribly lacerated by an exploding torpedo. The boy was waiting for a shifting engine to pass when the torpedo on the track exploded. His condition is serious.

—The barn of Messrs. W. A. and Jim Caldwell of Mecklenburg county was burned Friday morning at 3 o'clock supposedly by negroes who the owners of the barn have reason to suspect. The flames cremated four mules. The total loss is about $1,200 with no insurance.

—Windsor Ledger—Mr. J. J. Cobb gathered from two and a half acres of high land 30 barrels of corn. These two acres were planted in peanuts last year, but prior to that cotton had been planted there. About 600 pounds of fertilizer were put on to the acre besides 200 loads of lot manure.

—The political situation in Clay county was like nothing else in the State this year. The people were so torn up over the fence question that there were three tickets in the field—Republican, Democratic and Fusion. The Democrats and Republicans were both defeated and the Fusionists won. Two years ago Clay sent a Republican. The change therefore is a Republican loss of one member of the House.

Pender Chronicle—Some of the girls will learn with pleasure that our county commisioners have decided to make our old bachelors pay a double poll tax. This was made known Monday when Rev. C. H. Utley asked admission to list his taxes for this year. He was informed that he would have to pay the bachelor tax. From the expression on his face it could be seen that he did not aim to pay it any more.

—Whiteville News-Reporter: We are more than pleased to note that there is a strong probability of our little city being lighted by electricity in the near future. We understand that the Whiteville Lumber Company is willing to put in the plant and wire the town for incandescent lights at least, if there are lights enough pledged. We also understand that there will be no difficulty on that score.

—All the cotton mills at Maiden, Lincoln county, N. C., and the Maiden Milling Company on last Friday signed a contract with the Catawba Power Company, with headquarters at Rock Hill, S. C. to supply electric power to these mills, beginning next June. The Catawba Power Company is now stretching wires to Gastonia and as soon as the mills at that place are equipped the line will be extended to Maiden. It is stated that electric power will be cheaper for the mills than steam, produced from either wood or coal as fuel.

—Raleigh News and Observer, Nov. 10.—A well known gentleman who has just returned from a visit to Oxford brings with him a report that is sensational. This is that the chief of police of Oxford says that Henry Walker, the negro who shot L. Banks Holtin the hallway of his home, is wanted in Oxford for murder. It is stated that this murder occurred about five months ago and that Walker sneaked up on another negro of whom he was jealous, and shot him. There will probably be an investigation into this matter, so as to see if the negro wanted in Oxford is really the man who shot Mr. Holt.

—Maxton Scottish Chief: The material for the cotton seed oil mill to be established here by the Elba Manufacturing Company, together with local capital, is beginning to arrive. This concern, it will be remembered, purchased a site here some years ago. It is their intention to put in one of the largest plants in the State, its capacity being 100 tons per day. It will be ready for business next season.

—Maxton Scottish Chief: Maxton can justly claim one of the best graded schools in the State, and when its new churches are completed its advantages in these respects will be unexcelled by any city in North Carolina.

—Maxton Scottish Chief: The North Carolina Conference has decided to establish a Methodist College for Young Women at one of the following places, Maxton, Red Springs or Fayetteville. It is one of the best female schools in the State, and will commence with a paid in capital of $100,000. A committee has been appointed to meet at Maxton on the 20th inst for the purpose of considering the advantages of the three places named above and selecting a location for the college. The most important considerations are accessibility by railroads, health and inducements offered. Work is to commence upon the buildings about the first of the coming year, and the college will be opened next September. The location of such an institution at Maxton mean much for this place and surrounding community.

A TRUE STORY.

Touching Illustration of a High Type of Courage in a Lad of 12 Years.

The following is from the "Our Little Folks" department of the Presbyterian Standard, published at Charlotte. Hundreds of readers of The Star will recognize in the hero of the little story a prominent and popular citizen of Wilmington:

If you children are like I was when a child you would rather listen to a story that is a real true one than a "make believe."

Yes, I am sure you would, so I am going to tell you about a very brave deed of a lad of 12 years.

It has been several (I will not say how many) years since this incident occurred, for that same little boy is now a man, and father of a dear little girl, and he is noted among his hosts of friends to-day for his courage and for a very kind heart.

But you are growing impatient, and I fancy I hear you say: "Oh, please go on, we want to know what the little boy did and if we think he was brave,"

Well, it was this way:

Frank, for that was the lad's name, was very bright and witty and quite a favorite at school, but the boys of his age dared not impose on the little fellows in Frank's presence, or a fight was the consequence, most frequently resulting in a victory for the brave boy.

All the girls knew he was their friend, for he was such a polite, manly fellow.

One day the school master, who was a sour-tempered, crusty old man, ordered a little lame girl to the front and for some slight offense was in the act of striking her when Frank, hot with indignation, raised his hand and said. "Please, sir, teacher, don't whip that poor little lame girl, but whip me instead."

Now, what do you suppose that teacher did? Tell the little girl to go to her seat and praise the lad for his manly act, feeling ashamed that he had intended wounding one of God's afflicted?

No, he said: "Take off your coat and I'll thrash you instead."

Not for a moment did he hesitate, but obeyed the order, walked to the front and bravely took the punishment to save that little girl.

What do you think of that?

I'll tell you what I think! I think he deserved a gold medal for such conduct

To-day that lad is a prominent man in our old North State, and I'm sure that while you children cannot guess if you will show this little story to your parents some of them will say, "I recognize the boy, it was Frank ——, and I went to school with him!"

His brother was Lieutenant Governor of our State at one time.

Now if you little folks would like me know, and some of must let these times I will tell you another true tory. F.

Kidney Troubles Attack Men and Women, Old and Young Alike.

Kidney ills seize young and old alike—
Quickly come and little warning give.
Children suffer in their early years
Can't control the kidney secretions.
Girls are languid, nervous, suffer pain.
Women worry, can't do daily work.
Robust men have lame and aching backs.
Old folks, weak, rheumatic, lame,
Endure distressing urinary ills.
The cure for man, for woman, or for child.
Is to cure the cause—the kidneys.
Doan's Kidney Pills cure sick kidneys
Cure all the varied forms of kidney suffering.
Wilmington testimony guarantees every box.

J. T. Ebert, of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brick-dust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

More than Twenty-two Million

Dr. Edward's Tablets and Pills have been purchased during the past two years. Somebody must be pleased with the results obtained by using them. Hadn't you better try them yourself? It will not cost you a cent to obtain a trial package from the drug store named below.

We do not claim that they will cure every disease, but we do claim that they are the best known remedies for the following troubles:

The Tablets cure
Rheumatism
Kidney Trouble
Liver Trouble
Dyspepsia
Constipation

The Pills cure
Stomach Trouble
Bowel Troubles
Liver Trouble
Kidney Troubles
Constipation

All these troubles react one on the other. A deranged Stomach produces a weak Heart. A diseased Liver brings on stomach trouble, biliousness and constipation. Overworked Kidneys permit an excess of uric acid in the blood and then you have Rheumatism and may be Bright's Disease and Diabetes.

Don't take any chances, but get a trial package of Dandelion Tablets without delay.

COAST DEFENSE IS INADEQUATE

Palpable Insufficfiiency of Artillery-men to Man Our Port Fortifications Urgent Reasons Why Congress Should Give This Matter Attention.

Editor Star:

The following is the title of a bill introduced at the first session of the Fifty-ninth Congress, H. R. 17347:

"A bill to reorganize and to increase the efficiency of the artillery of the United States Army."

It is a well known fact that the safety of this country depends to a very large extent on the efficiency of the coast defenses.

I will cite a few instances to show why at the present time it is absolutely necessary for the welfare of the country and particularly for the safety of coast cities for this bill to pass.

Extract from letter of the President to the United States Congress, March 5, 1906.

"The necessity for a complete and adequate system of coast defense is greater to-day than 20 years ago, for increased wealth of the country offers more tempting inducements to attack and a hostile fleet can reach our coast in a much shorter period of time. The fact that we now have a navy does not in any wise diminish the importance of coast defenses; on the contrary, that fact emphasizes their value and the necessity for their construction. It is an acceptel naval maxim that a navy can be used to strategic advantage only when acting on the offensive, and it can be free to so operate only after our coast defense is reasonably secure and so recognized by the country.

"It was due to the securely defended condition of the Japanese ports that the Japanese fleet was free to seek out and watch its proper objective—the Russian fleet—without fear of interruption or recall to guard its home ports against raids by the Vladivostok squadron. This, one of the most valuable lessons of the late war in the East, is worthy of serious consideration by our country, with its extensive coast line, its important harbors and its many wealthy manufacturing coast cities.

"The security and protection of our interests require the completion of the defenses of our coast, and the accompanying plan merits and should receive the generous support of the Congress."

Signed "Theodore Roosevelt."

Army and Navy Joint Exercises, June 11 to June 17, 1905. Defense of Hampton Roads, Va., and Washington, D. C.

(Extract).

"The most important object lesson afforded by the joint exercises was found in the fact that to provide officers and men sufficient to provide one relief for the operation of the elements of defense it was necessary practically to strip the Atlantic and Gulf Coast of artillerymen. The insufficiency of the present personnel of the artillery arm to man the coast defenses of the country was strikingly illustrated. The total number of troops engaged in the exercises was 5,927, of these 1,898 were permanently stationed within the exercise area, and 4,029, comprising 37 companies of coast artillery and several detachments of hospital corps, signal corps, etc., were drawn from elsewhere. All the artillery posts from Fort McKinley, Maine to Key West, Florida, were crippeld to supply the needed one relief. These are certainly not service conditions. There is a lesson conveyed that should be gravely heeded by the authorities. Blows are struck with suddenness under the conditions of modern warfare. The coast defenses should be ready to withstand the first attack and cause the enemy to pause and provide the delay so preciously needed by us for preparation elsewhere—artillery cannot be improvised. The skill needed to efficiently handle modern high power guns with their numerous and complex accessions is not a commercial article to be had to order in the market. Weakness in our coast defenses from any cause would be a serious military defect, laying the coast open to direct attack and affecting the value of the navy, which under such circumstances, might be called upon to adopt a defensive rather than an offensive role. That the policy of the United States as a nation points to the construction and maintenace of a large navy is evident. Millions have been spent on the maintenance of an efficient navy. The normal function of a navy is in time of war to take to the high seas, assume the aggressive, seek the enemy's ships and engage them wherever they may be found. Its proper field of action is away from the home coast. If, however, our coast defenses, through either a lack of personnel as mentioned, are inadequate to guarantee the safety of our populous commercial or strategic coastwise centers, battleships would be called upon to make good the deficiency and the scope of naval activity would be cartailed probably to an extent so great as materially to affect the progress of the war and the success and prestige of the national arms."

Hearing of the Honorable, the Secretary of War before the Committee on Military Affairs, United States Senate, Mardh 24, 1906.

(Extract).

"We have now authorized for the artillery 18,165 men and officers. That includes both the field artillery, who number 4,012, and the coast artillery who number 14,153.

"In order to give one shift of men to operate the guns of the coast to-day mounted it would require according to my recollection about 36,000 men, as it is now we are vry short, and many of our guns are simpy oiled or under tarpaulin or are laid up, so to speak, and not used at all if we are called upon to go into war we should have more than double it in order to give one shift to every battery. This bill does not attempt to do that, but it does increase the coast artillery, which needs increasing badly, about 5,000 men.

"I was going to say that the real difficulties in respect to the artillery is that under modern requirements the artilleryman has to be such with respect to electrical appliances and general mathematical knowledge that we take artillerymen in, and we train them, and by reason of their additional allowances their pay may be increased to $16 or $17 a month and they leave us at the end of their enlistment and are able to get employment in electrical concerns at from $75 to $100 per month. So that we are short in the enlistments that we try to have the artillery."

(The bill before Congress provides for increased pay to expert artillerymen to induce them to remain in the service).

Gen. Chaffee said:

"It is proposed to submit for your consideration a report and the draft of a bill to increase the coast artillery by a few thousand men (about $,000 and the necessary officers.) The proposed measure alone will not afford complete relief but provides what may be regarded as the minimum for efficiency at this time, and is believed to be the least that should be granted."

Annual report of the Inspector General (Gen. Burton, U. S. Army, 1905.)

"It is of paramount importance that legislation be enacted increasing the strength of the coast artillery so as to provide at least for the proper manning, service and caring for the armament and equipment already mounted and installed at seacoast forts and for a trained personnel to operate the system of sub-marine defense."

Gen. Story in his annual report as Chief of Artillery, stated:

"The personnel now authorized for the coast artillery is not sufficient to man and serve one-half of the armament already mounted. This means if a war were to break out we have not one-half the trained force required to serve our guns effectively. However, good our guns are yet one-half of them would not be much more use than so many tons of mere metal."

I could cite a great deal of data on this subject but I believe the above will convince you all that for the protection of coast it is absolutely necessary that the artillery be increased.

Just stop for a momnt and think what would happen if a fleet of foreign warships appeared, say off New York, and it was only possible to train one-half the guns mounted in that harbor on them, and this because there wasn't sufficient men to man all. What a howl would go up from the people at large against the army, but the army could say "we asked you for men through your Congressmen, we put the true facts of our case before you in time of peace, why didn't you heed them?"

We ask you now for sufficient men to protect your coast. Give thm to us, and you can sleep peaceably in your beds, knowing that your coast artillery men are at their guns with sufficient force to man them, and with all the guns manned that no fleet of warships in the world could disturb you.

LONE ROBBER HEAVILY MASKED

Robber Compelled Conductor and Porter to Go Ahead of Him and Wake Up Passenger to Be Robbed.

Kansas City, Mo., Nov. 9.—A lone robber, heavily masked, boarded the rear sleeper of the east bound combination Chicago and Alton-Rock Island and California Limited train known as No. 44, between Slater and Glasgow, Missouri, last night, shortly after midnight, robbed three passengers, securing about $65, and escaped in the darkness.

The train left Kansas City last night at 9 o'clock and was due to arrive in Chicago at 8 o'clock this morning. The robber, who is described as being tall and wearing a long black overcoat, boarded the rear sleeper at Slater. When the train had gotten well under way he entered the sleeper, an observation car bound through from California. He encountered the Pullman conductor and porter and at the point of a revolver commanded them to proceed ahead of him and wake up the passengers. The sleeper was well filled. As his command was carried out the robber forcing the conductor and porter ahead of him secured what booty he could as he hurried through the car. When he had made his way through to the front end of the car he started for the second Pullman. Before the robber could enter the second car the porter slammed the door in his face. The train was then at a point about one mile east of Glasgow. Realizing that he could proceed no further with his work the robber pulled the air rope. While the train was slackening its speed he jumped off and disappeared in the darkness. Early this morning officers started out from Glasgow, Slater and Kansas City to trace the robber.

DON'T KNOW HOW TO BE DECENT

Suit to Restrain Officials of N. Y. Life Insurance Company.

New York, Nov. 9.—Arguments on the motion in the action brought by Stephen J. Farrelly against the New York Life Insurance Company for an injunction restraining the officers and trustees of the corporation from spending the company's funds for campaign purposes, were continued today in the Supreme Court.

Speaking to-day for the New York Life Company William Nelson Cromwell said that the papers before the court were simply founded on informations and belief. He contended that the allegations are visionary and have no basis in fact. He further asserted that he would present affidavits made by every active officer of the company showing that not a cent of the company's funds have been expended for campaign purposes.

Mr. Untermyer referred to the New York Life's election as the most important event in our history and predicted a victory for the policy holders if the court would stop the unlawful methods that were being employed.

Mr. Untermyer declared that the company's lobbyists had made vating as difficult as possible and that the Armstrong Legislature was cumbrous and weak and that the company was corrupting the election with the aid of their 6,000 agents who were circulating falsehoods all over the world which the committee were powerless to counteract. In conclusion Mr. Untermyter declared that the company's vice presidents, Perkins, Kingsley and Buckner, "had evaded and opposed going on the witness stand where their methods could be exposed." Mr. Untermyer suggested that the matter be sent to a referee, saying that it would take about three days to bring out the facts.

Mr. Cromwell would not consent to a reference.

Judge Dowling reserved decision.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

REMEDIES HAVE ARRIVED IN TOWN.

No doubt you have heard of them. They are used by several millions of people throughout the United States, and we sell them to you with a guarantee that if they are not what we claim we will gladly refund your money. One remedy for each human ill.

Some three years ago a number of prominent retail druggists — realizing that a big change was to be made in the proprietary medicine business, that the public demanded to know what the ingredients were of the preparations they were advertising, and that a general reform was about to take place in proprietary medicine manufacturing and advertising — formed a co-operative company to meet the public's demand. This company was called The United Drug Co., of which the undersigned has become one of the two thousand members.

Our object was, first, to manufacture a line of prescriptions such as we had tried out in our stores and found to give the very best of results; and second, by owning our own co-operative manufacturing company we would be able to know the exact formula of every preparation we were selling, thus enabling us to give to the public the very best remedies we could find at actual manufacturing cost, plus a single retail profit.

This enabled The United Drug Company to escape the heavy charges for advertising and other expenses such as have to be paid by proprietary remedies. What was most important, it insures safety and satisfaction to our customers, because we druggists know just what we are selling.

A committee of experts was appointed who spent a long time in testing the merits of more than two thousand formulas and prescriptions recommended by the various druggists constituting the company.

From these, about ***two hundred*** were selected as being the ***best remedies known to medical science*** for the cure, each of its particular ailment.

The exclusive rights to these remedies were then transferred to The United Drug Company, which has since manufactured them in its superbly equipped laboratories in Boston under the now famous name of "The Rexall Remedies."

The United Drug Company, which manufactures the Rexall Remedies, has already scored the greatest success ever known in the history of the drug business.

Note, then, first of all, these facts:

1st. "Rexall" refers not to *one* remedy, but to about ***three hundred*** — each for some one particular purpose. Nobody knows better than The United Drug Company druggists the absurdity of the "cure-all."

2d. Each "Rexall" Remedy is a ***tested and proved*** success, selected for its conspicuous merit from many of its class. All had established reputations through their continued use by physicians before they became members of the "Rexall" family.

3d. "Rexall" Remedies are sold at low prices because they are free from heavy manufacturing charges, jobbing profits, and the heavy expense of being advertised ***separately***, as formerly.

Three of the 300 "Rexall" Remedies, one for each human ill, are:

FOR CATARRH — MUCU-TONE

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara Sagrada, Glycerine, and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefit almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations.

Cascara Sagrada is especially introduced for its necessary laxative properties.

The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite.

Bottle, 50c.

FOR NERVES — AMERICANITIS ELIXIR

The Rexall Americanitis Elixir is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphate and Calisaya.

The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them. It is the only known preparation in which free Phosphorus — that is, Phosphorus which remains indefinitely unoxidized — is used.

The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to the field of this branch of medicine and unquestionably a more efficient remedy than the well-known Hypophosphites.

The Iron Pyrophosphates is the most easily assimilated form of iron which gives tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body.

In compounding these various elements, the very highest degree of pharmaceutical skill has been employed. 75c. and $1.50 a bottle.

REXALL "93" HAIR TONIC

The famous Rexall "93" Hair Tonic is composed in chief of Resorcin, Beta Naphthol and Pilocarpin.

Resorcin is one of the latest and most effective germ-killers discovered by a science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which not only destroys the germs which rob the hair of its nutriment, but creates a clean and healthy condition of the scalp, which prevents the lodgment and development of new germs.

Pilocarpin is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. It is not a coloring matter or dye — it produces its effect by stimulating the scalp and hair follicles to health and active life.

This combination of curatives mixed with alcohol as a stimulant, perfects the most effective remedy for hair and scalp troubles, known to-day. Bottle, 50c.

"Rexall" Remedies are found only in the stores of druggists affiliated with The United Drug Company — only one in each town and each backs up this "Rexall" guarantee printed on every package: "This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you, and we want you to have it."

CHICAGO PRODUCE MARKET.

Chicago, Nov. 10.—The local wheat market was held steady by the continuance of small receipts in the north west. At the close wheat for December delivery was off 1-8. Corn was down 1-8, oats were a shade higher. Provisions were a shade to 2 1-2c lower.

OUR BUSINESS

This Season

Has Been an Agreeable Surprise. to Us.

Considering the short cotton crops in the country, the low prices prevailing in the lumber market and the scarcity of money throughout the country, we were very much afraid that we would have a very large fall off in business this season which we did not feel that we could afford to accept.

We double our esolution, bought heavier in every department, made profits smaller and felt that we would make an esort to outdo any previous year.

The immense stock of goods that we carry, extra values we are offering with the additional help of the best kind, our sales now have run away ahead of last season.

We have hundreds of customers, but we want more.

In our store is arranged a splendid premium department that belongs directly to us.

These premiums are in charge of a young lady who keeps them in perfect order and redeems your stamp book or your punch card with pleasure.

We do not feel as if it is something given away. Simply this; we give you what others give us. We pay cash and get the discount and give it to you. Ask to see thepremiums we have to give and we feel sure you will find it to your advantage to buy goods from us.

Compare our prices in any line and you will dnd themm uch less than those of our competitors.

In our millinery department we trim all hats we sell free and give and give you the lining and box extra.

Our cloak and fur department has been a wonderful success.

The sales girl in this department carries theb lue ribbon of the town.

We think we sell as many cloaks as all the rest of the town put together. should do so, first; we carry the stock which makes it worth your while to examine before buying elsewhere. Second: our prices are not matched. If ladies are looking around to buy a cloak and get the prices first from other stores, we sell the coak, and also the furs. This line is an elegant one. Our stock in furs runs as low as 98c each for fur collars. We are also offering clipped Cony Furs with nine tails in black at $2.25 and in brown at $2.98 which is the natural colors with no dye. The sable fox with two large tails we are showing at $5.50 and the double fox without the heads at $9.75. We have these in collarette shapes, with head and two tails hanging down the back and two whole foxes for the front. We have a full assortment in fur collars and muffs from $4 a set to $24 a set. Also a beautiful line of children's furs with collars and muffs to match, as low as $2.25 a set up to $8 a set.

Our fur department is stocked from theb est houses in the United States and none of them are cheap, shoddy furs, but well made and in the latest and prettiest shapes. Examine our stock and it will surprise you to see how cheap they are.

The young ladies in the millinery department would be glad to have you see their line of hats, ribbons and velvets. They are very busy but we can take good care of you if you care to give us a trial. There is not a day passes that we do not receive new goods in this department. New hats direct from the factory, new velvets in all colors. We have a beautiful velvet at 75c a yard, a ery good one at 50c a yard and up, a splendid assortment of ribbons at all prices. We are showing a real nice plaid ribbon at 10c, 15c, 19c and 25c a yard; No '00 Dresden ribbon at 10c and we handle a big lineof lne ribbons width 200 which we sell for 19c, 25c and 35c a yard. Also a special line of black ribbon.

In our ladies' and children's underwear department you will lnd almost everything from the tiniest infant's wrapper up to the largest No. 9 vest made. To buy underwear we will ask you to see our line. We control the Mentor line for this city, also the Snug Fit line and we have a full assortment of woolen and cotton union suits ad red and white flannel vests and pants.

Ask for stamps with every purchase and spend your money where you can get the best value.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MO ST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Spring Water in the treatment of erysipelas.

COUNTING OUT HEARST'S PARTNER

Republicans Making Desperate Effort to Elest Lieutenant Governor in New York.

5,000 VOTES DISCOVERED

Claim Set Up That Thousands of Votes in Queen's County Were Not Counted For Lin Bruce—Astounding Find.

(By Wire to The Morning Star.)

New York, Nov. 10.—John E. Smith, secretary of the Kings County Republican Campaign committee, said to-day that in the neighborhood of 5,000 additional votes had been discovered for M. Linn Bruce, Republican candidate for Lieutenant Governor. He said:

"We have received returns from practically every election district in the county. We have tabulated them and have discovered that the Democratic claims made on election day that Chanler had a plurality of 34,000 in Kings county, had been exaggerated. Our figures show that he received a plurality of less than 30,000. According to the reports this morning Mr. Chanler's plurality throughout the State was in the neighborhood of 1,200. These additional votes in Kings county, will undoubtedly elect Bruce Lieutenant Governor."

A. S. Gilbert, law partner of Attorney General Mayer, announced to-day that as a result of investigations which he has made he will appear before the board of canvassers next Tuesday and demand that all the ballot boxes be opened that the void and contested ballots may be counted.

He declares that he has uncovered an astounding find of affairs in Greater New York. He has been comparing the police returns with those tabulated at the offices of the board of elections and says he has discovered many errors. There is an especially large number of void and defective ballots for lieutenant governor, he avows.

In view of the difference in the vote for lieutenant governor reported by Republican leaders, application will be made by the Supreme Court on Monday by lawyers for the Republican candidates on the State ticket to show why the void and protested ballots should not be counted.

DISCHARGE OF NEGRO TROOPS.

President Roosevelt's Order to Go Into Effect at Fort Reno.

By Wire to the Morning Star.

Oklahoma City, Nov. 10.—It is believed at Fort Reno, Okla., that the our companies, of the Twenty-Sixth Infantry, which was started for that post last night on a special train from San Antonio, are to take the place of the negro troops, members of Companies B. C. and D., of the Twenty-Fifth Infantry, recently ordered dismissed by President Roosevelt as a result of the riotous disturbances in Brownsville, Texas, on August 13.

It was stated by an officer at Fort Reno that the Texas troops had been sent to Oklahoma as a precautionary measure. The negro troops are soon to be formally dismissed and the citizens of El Reno, where the three companies are stationed feared trouble will follow.

The Texas troops come, it is said, as a matter of protection to the citizens. Since their arrival at El Reno, which is two miles distant from Fort Reno, the negro troops have been placed under the strictest discipline, being subjected to a roll call every two hours. The formal order for the discharge of the disgraced troops was issued at Washington yesterday. The date of actual dismissal is not known here.

NO HELP FOR SPECULATORS.

Secretary Shaw Will Take No Further Step in New York.

(By Wire to The Morning Star.)

Washington, Nov. 10.—Secretary Shaw when asked if anything would be done to relieve the financial situation replied that "unless conditions materially changed he would not refund, buy bonds, increase deposits, nor do anything else. "The treasury," he said, "holds $25,000,000 which can be used as a last resort, but it will not be used until absolutely necessary. What has been done, has been in response to business conditions. Unless business conditions generally are again disturbed nothing further need be expected.

TRAIN WRECKED ON OHIO ROAD

One Person Killed and 18 Injured—Several May Die—Young Bride on Her Wedding Trip Fatally Hurt.

(By Wire to The Morning Star.)

Blanchester, O., Nov. 10.—One person was killed, one was probably fatally hurt and 18 others were less seriously injured in a wreck on the Baltimore & Ohio Southewestern road six miles west of here to-day.

William Billings, extra brakeman, Chilicothe, O., was killed outright.

Mary Silberstein, '9, an immigrant, was badly bruised and cut about the head and body and received perhaps fatal internal injuries. Of the others injured the most seriously hurt are: Charles Taylor, Cincinnati, dining car conductor, bruised and cut about the head and body and left hand broken.

Arthur Francis, Newport, O., arm and breast lacerated and bruised about head and body.

Mrs. Charles Bennett, Olien, Ill., internally injured, may die.

Mrs. C. W. Wolf, Greenville, Ind., back injured, cut about legs and body.

The injured wereb rought to Cincinnati and placed in hospitals.

The cause as given out at the office of the general superintendent of the road, was a defective rail.

Then engine, postal and baggage car passed the rails safely but five coaches were wrecked and rolled down an embankment.

Mrs. Charles Bennett, who is believed to be fatally injured, was on her weddingtrip. Her husband was only slightly hurt.

An eastbound passenger train on the Great Northern running from Souix Falls, S. D. to St. Paul, yesterday, was partly wrecked at a switch ear Maple Creek, and although three cars left the track and were consumed by fire no lives were lost and no one seriously injured.

CORN AND TOBACCO CROPS.

Country Has Produced This Year 2,881,096,000 Bushels Corn.

By Wire to The Morning Star.

Washington, Nov. 10.—The crop reporting board of the bureau of statistics of the Department of Agriculture finds, from the reports of the correspondents and agents of the bureau, as follows:

The preliminary returns on the production of corn in 1906 indicate a total yield of about 2,881,096,000 bushels, or an average of 30.2 bushels per acre, as compared with an average yield of 28.8 bushels as finally estimated in 1905, 26.8 bushels in 1904, and a ten year average of 25.2 bushels. This, and other preliminary estimates of yield made today are subject to such revision and correction as may be found proper when the final estimates of the bureau are made next month.

The condition in Georgia is 12,0, against a ten year average of 10.5; in North Carolina 15.3 against a ten year average of 13.04; in South Carolina 12.02 against a ten year average of 9.5, and in Virginia 24.3, against a ten year average of 21.0.

The general average as to quality is 89.9 per cent., as compared with 90.6 last year, 86.2 in 1904, and 83.1 in 1903.

The preliminary estimate of the average yield per acre of tobacco is 854.3 pounds, as compared with the final estimate of 815.6 pounds in 1905, 819 pounds in 1904 and an eight year average of 763.6 pounds. The average as to quality is 84.5 per cent., as compared with 87.3 per cent. one year ago, and 89.5 per cent. in 1904.

WHOLE CREW OF BARK LOST.

Only Ship's Cat on Norwegian Vessel Off New Brunswick.

(By Wire to The Morning Star.)

Richibucto, N. B., Nov. 10.—The wrecqed bark Adeona was boarded today for the first time since she went ashore off this port last week and not a single seaman was found on the vessel. Only the ship's cat survived. It was known previously that at least five of the eleven men had perished in an attempt to reach shore in a boat, but the fate of the remaining members of the crew was not definitely known until to-day when it became evident that all had been drowned.

VIRGINIA BANK LOOTED.

Safe Crackers Got Away With $1,300 in Cash.

(By Wire to The Morning Star.)

Bristol, Va., Nov. 10.—The Bank of Rural Retreat, a small country bank, at Rural Retreat, Va., was looted by expert safe crackers at an early hour this morning and $1,300 in cash stolen. The safe was blown open and the robbery committed without anyone being disturbed and the robbers made good their escape. They were trailed with blood hounds to a point two miles east of the town where they are supposed to have mounted horses.

MOUNT VESUVIUS IS RESTLESS

Earthqnake Shook Villages in Neighborhood of Great Volcano Noon Yesterday.

MOUNTAIN VOMITED ASHES

Disturbance Was Accompanied by Detonations—Phenomenon Caused Great Alarm—Dark Column of Smoke Hovering Over.

(By Cable to The Morning Star.)

Naples, Nov. 10.—At noon to-day Mt. Vesuvius and the surrounding villages were shaken up by a kind of earthquake which was accompanied by detonations and a considerable fall of ashes, especially over Ottojano. which was destroyed during the eruption of last April and is now in course of re-construction. The phenomenon caused great alarm. Investigation showed that a part of the crater of volcano had fallen in.

During the afternoon there was three more slight shocks in the Vesuvian region and a further discharge of ashes which was blown in the direction of Pompeii and Ottajano. Thus far Naples has not been affected by the eruption, but a dark column of smoke can be seen from the city hovering over the crater.

Prof Matteucci, director of the royal observatory on Mt. Vesuvius in an interview with the Associated Press said:

"I do not believe this is a new eruption as all the phenomena preceding such an event are lacking. I think the rain of ashes was caused by the slipping down of the superior lip of the crater and that the earth tremblings were due to water from the heavy rains recently having reached the fire zone inside the volcano producing an internal explosion."

SHIP'S CREW RESCUED AT SEA.

Abandoned Sinking Vessel and Drifted 72 Hours in Life Boat.

(By Wire to The Morning Star.)

Halifax, N. S., Nov. 10.—Rescued at sea after they had abandoned their vessel, the Captain and crew of the British bark Marion C., arrived here to-day on the Norwegian steaer Farmand bound from New York for Niramichi. Heavy weather overtook the Marion C., and she sprang aleak. The crew worked at the pumps until the vessel was full of water. Then they abandoned her and embarked in an open boat.

For 72 hours the twenty foot open boat was tossed about on the sea. When the men were rescued by the steamer Farmand on Thursday the captain and seven of his crew were exhausted from hard work and exposure.

AFTER STANDARD OIL COMPANY.

Government Investigating Charges and May Prosecute.

(By Wire to The Morning Star.)

Washington, Nov. 10.—Special Council Morrison and Kellogg, having in charge the investigation of the Standard Oil Company, had a conference to-day with Mr. Purdy, asistant to the Attorney General. Another conference will probably be held Monday and it is believed that the attorney General will be ready, late in the coming week to announce whether or not he will begin proceedings against the Standard Oil Company for violation of the Sherman Anti-Trust act.
